

Bank filing evidence review

Cosmos Co operative Bank example and reusable worksheet

Use this example to separate a disclosed NPA movement from the questions the evidence leaves open. Cosmos is an urban cooperative bank; this example does not establish coverage of NBFCs.

Read the dates first

Field	Accepted record
Reporting period	2025-04-01 to 2026-03-31
Source publication date	Not supplied
Available in the corpus	2026-09-05T07:05:33Z
Source retrieval	2026-09-05T07:05:33Z
API record inspected	4 October 2026 at 14:27 UTC
Evidence state at inspection	observed

The inspection date does not refresh the filing. Accepted means admitted to this research corpus; it does not guarantee that no newer filing exists.

Follow the gross NPA movement

Disclosed component	INR crore
Opening gross NPAs	701.30
Additions	207.11
Less upgrades	98.56
Less cash recoveries	92.88
Less write offs	161.13
Other reductions	0.00
Closing gross NPAs	555.84

The reported components reconcile to 555.84 INR crore. The API records a zero residual and a rounding tolerance of 0.035 INR crore. This arithmetic does not authenticate the filing or turn all reductions into cash recovered.

What remains unresolved

The source publication date is missing. The regulatory comparison is marked `scope_unverified`: dated UCB tier, AID and continuing SAF status were not assessed. An empty breach list therefore supplies no regulatory clearance.

The API cites these RBI framework sources for that comparison. Their presence does not establish this bank's current supervisory scope.

Keep the use bounded

This is descriptive public-record research. The payload grants no credit-decision or score authority. Its separate historical record is a construction-PIT diagnostic; validated-backtest and real-money eligibility remain false.

Use the blank worksheet on the next page to define the question, preserve missing information and identify the next source to obtain. Record an interpretation separately from a disclosed fact.

Reusable reviewer worksheet

Complete one worksheet for one institution, question and reporting period. Leave unavailable evidence explicit and retain the source links with the review.
